PISCINE GLOBAL EUROPE IS RETURNING TO LYON-EUREXPO FROM 15 TO 18 NOVEMBER 2022

Piscine Global Europe, the leading event in the pool and wellness sector, will be back at Lyon-Eurexpo for a face-to-face event **from 15 to 18 November this year**. An opportunity for professionals in the sector to gather, exchange views and boost their business, but also - at long last - to meet up in a social context.

Organised in partnership with the French Federation for Pool and Spa Professionals (FFP), Piscine Global Europe is now more than ever a strategic international event for the pool sector as a whole.

Florence Rousson Mompou, Director of the GreenTech+ Department of GL events Exhibitions Operations, confirms:

"With 860 exhibitors and brands already confirming their attendance, Piscine Global Europe is consolidating its position as a key event for the sector. After 4 years of absence, players in the sector can't wait to meet in person in Lyon once again. We are so looking forward to sharing this exhibition with all the professionals: it's a key moment for doing business and presenting new products, but also a time for getting together socially! "
